

CPSC 471 Project

Course Registration System

Extended Entity Diagram

Group 58

End Users:

- Administrators and Students will have dedicated dashboards for relevant actions related to the course registration system.

Assumptions:

- Programs admittance determines what courses students may enroll in
- Programs exist that aren't classified as major or minor (for graduate/postgraduate students)
- Only one instructor will teach a course section at any time
- Courses may offer multiple sections per semester
